

# Novelis Advanz™

## 6HF - s200

Novelis Advanz™ 6HF - s200 is a heat treatable product specifically developed for internal automotive applications with demanding high formability requirements. This product offers an excellent balance of properties: superior formability in the as-supplied temper, good in service strength and good bending. Novelis Advanz™ 6HF - s200 is recommended for door and decklid inner panels and other closure inner panels.

### Mechanical Properties

This product offers an excellent balance of properties: Superior formability in the as-supplied temper, good in service strength and good bending. All values are typical.

Temper	UTS (Rm)	YS (Rp0.2)	Total Elongation A80
T4 Delivery	≥200 MPa	≤130 MPa	≥26%
2% pre-strain + 20 min @185°C	≥240 MPa	≥200 MPa	≥18%

### Chemical Composition (wt. %)

The chemical composition of this product corresponds to AA6016.

Si	Fe	Cu	Mn	Mg	Cr
1.0 - 1.5	≤ 0.50	≤ 0.20	≤ 0.20	≤ 0.25 - 0.60	≤ 0.10
Zn	Ti	V	Others, each	Others	Other, total
≤ 0.20	≤ 0.15	N/A	≤ 0.05	N/A	N/A

### Physical Properties

Density	2.7 x 10 <sup>3</sup> kg/m <sup>3</sup>
Elastic Modulus	70,000 N/mm <sup>2</sup>
Coefficient of Thermal Expansion	23.4 x 10 <sup>-6</sup> K <sup>-1</sup>
Thermal Conductivity	160 - 190 W/mK
Electrical Conductivity	26 - 30 m/Ωmm <sup>2</sup>

### Production Regions

Our manufacturing footprint allows us to tailor solutions for automakers around the world. Novelis Advanz™ 6HF - s200 is produced in the following locations:

### What surface treatments are available?

Acid Etch TiZr PT3 AlubVs RP4107 E1	Acid Etch TiZr PT3 AlubVS RP4107 E1 PL39SX	Acid Etch TiZr A951
--	--	---------------------------

Additional services may be available through our distributors, please contact your Novelis sales representative for more information.

### What finishing processes are available?

Cut-to-Length Laser Blank	Cut-to-Length Laser Blank Edge Trimming Slitting	Cut-to-length Laser Blanks Edge Trimming Slitting
------------------------------	---	--

Additional services may be available through our distributors, please contact your Novelis sales representative for more information.

### What gauges are available?

0.9 - 1.5 mm	0.9 - 1.6 mm	0.8 - 3.5 mm
--------------	--------------	--------------

Please contact your Novelis sales representative for more information about available widths and gauges.
